

D211 POST: D211 CAREER EXPO OFFERS CHANCE FOR BUSINESSES TO INSPIRE STUDENTS

Township High School District 211 will be holding its 3rd annual Career Expo at William Fremd High School February 27 from 4:30-6:30 p.m. The Expo, open to all District 211 students, gives area businesses the opportunity to showcase their variety of career opportunities as well as inspire and guide students who may soon make up their future workforce.

Following a successful expo in 2018 that saw more than 150 business representatives meet with hundreds of students and helping them explore career options, District 211 staff began planning for future events. The second Career Expo, held in March 2019 at Schaumburg High School, saw an increase in both business and student participation.

District 211 Internship Coordinator Jan Brottman said that this year the District is looking at an anticipated participation of approximately 200 business. While registration has already reached more than half of that, space is still available. Businesses who would like to participate can register by going to <https://adc.d211.org/domain/4783> and clicking on "Business Information." There is no cost for businesses to participate. For additional information or questions, please contact District 211 Internship Coordinator and Career Advisor Jan Brottman at 847-755-2657 or jbrottman@d211.org.
