

# D211 POST: FOOD SERVICE AND TRANSPORTATION TO PAIR UP FOR MEAL DELIVERY

Staff members load meal bags into the back of a District 211 school bus March 13, 2020.

Following the decision by Township High School District 211 to begin the school year with remote learning, the food service and transportation departments have announced a plan for student meal deliveries.

Beginning August 13, District transportation will start delivering meal bags to students. Under the program, students can sign up for weekly meal deliveries by filling out the Google form [here](#). Once a student fills out the form, they will receive a response which will notify them of which day of the week is their delivery day. Each meal bag will contain five breakfasts and five lunches.

Meal bags will be available at no cost for students who qualify for free or reduced-price lunch. All others can purchase the meal bags at a cost of \$21. Payments for meal bags can be made through [MySchoolBucks](#).
